We Protect You

Irish organisations can't qualify for cyber insurance

Cyber Insurance

Most Irish organisations are ineligible for cyber insurance due to the lack of essential security controls.

Radium's Managed Cyber Security Gives You These Controls

- Implement Security Controls.
- Monitoring and Logging.
- Develop and Enforce Security Policies.
- Continuous Improvement Program.
- Penetration Testing.
- Legal Compliance (ISO27001, NIS2, GDPR).

If you don't have these controls in place, contact Radium Now.
